

Serene Suites

Premier Memory Care

A Family-Owned Community Built Just for Memory Care

It's more than assisted-living services. It's a comfortable, family-owned community, filled with amenities that support health and wellness for residents living with Alzheimer's disease and related dementias.

66 stunning suites designed exclusively for those living with Alzheimer's disease and related dementias.

Education offerings for family to stay informed of advancements in memory care.

Our pledge to know your loved one, both as they are now and who they were throughout their lifetime.

Support from our experts to help you plan the transition from hospital or home.

Outgoing, personal communication from your loved one's care team.

Serene Suites Premier Memory Care introduces a community that's expertly focused on wellness and improving quality of life for our residents. We partner with our residents and their loved ones and use innovation and empowerment to create an unsurpassed memory care environment.
